Hello,

Hope you are well.

I live very nearby on the other side of the Royal Free Hospital and encourage the council to approve this application. As other supporters have said, the house as it is, is an eyesore and well overdue a refurbishment. The changes proposed to the house are very slight compared to what others might try to do with the property (knock it down). The proposal at the year seems very well thought out and responsive to the challenges of the property, and presumably the surrounding neighbours will be pleased that the proposal is not to build a block of flats.

Kind regards,
Sara Gostyn
