Development Management
Camden Town Hall Extension
Argyle Street
London WC1H 8EQ

Application for tree works: works to trees subject to a tree preservation order (TPO) and/or notification of proposed works to trees in a conservation area.

Town and Country Planning Act 1990

Publication of applications on planning authority websites.

Please note that the information provided on this application form and in supporting documents may be published on the Authority's website. If you require any further clarification, please contact the Authority's planning department.

1. Trees Location

Number	44
Suffix	
Property name	
Address line 1	Denning Road
Address line 2	
Address line 3	
Town/city	London
Postcode	NW3 1SU
If the location is unclear or there is not a full postal address, describe as clearly as possible where it is (for example, 'Land to rear of 12 to 18 High Street' or 'Woodland adjoining Elm Road')	
Easting (x)	526899
Northing (y)	185781
Description	

2. Applicant Details

Title	Dr
First name	Stella
Surname	Khan
Company name	
Address line 1	Mill House
Address line 2	Mill Lane
Address line 3	

2. Applicant Details

Town/city	<input type="text" value="Newbold-on-Stour"/>
Country	<input type="text" value="UK"/>
Postcode	<input type="text" value="CV37 8DR"/>

Are you an agent acting on behalf of the applicant? ☐ Yes ☒ No

Primary number

Secondary number

Fax number

Email address

3. Agent Details

No Agent details were submitted for this application

4. What Are You Applying For?

Based on the type of work proposed and the location and protected status of the trees involved, there are various details and supporting information that will need to be supplied in order for the Local Planning Authority to determine the application.

Are you seeking consent for works to tree(s) subject to a Tree Preservation Order? ☒ Yes ☐ No

Do you know the Tree Preservation Order reference number(s) ☐ Yes ☒ No

For works to trees covered by a TPO

Please indicate whether the reasons for carrying out the proposed works include any of the following. If so, your application MUST be accompanied by the necessary evidence to support your proposals (see guidance notes for further details).

1. Condition of the tree(s) - e.g. it is diseased or you have fears that it might break or fall ☐ Yes ☒ No

2. Alleged damage to property - e.g. subsidence or damage to drains or drives. ☒ Yes ☐ No

If Yes, you are required to provide for:

- Subsidence: A report by an engineer or surveyor (to include a description of damage, vegetation, monitoring data, soil, roots and repair proposals) and a report from an arboriculturist to support the tree work proposals.

- Other structural damage (e.g. drains walls and hard surfaces): Written technical evidence from an appropriate expert, including description of damage and possible solutions.

Are you wishing to carry out works to tree(s) in a conservation area? ☒ Yes ☐ No

Documents and plans (for any tree)

A sketch plan clearly showing the position of trees listed in the question 'Identification of Tree(s) and Description of Works' MUST be provided when applying for works to trees covered by a Tree Preservation Order. A sketch plan is also advised when notifying the LPA of works to trees in a conservation area (see guidance notes).

It would also be helpful if you provided details of any advice given on site by an LPA officer.

Are you providing additional information in support of your application (e.g. an additional schedule of work for question 'Identification of Tree(s) and Description of Works')? ☒ Yes ☐ No

If Yes, please provide the reference numbers of plans, documents, professional reports, photographs etc in support of your application

SJ Stephens Associates - Arboricultural, Landscape & Management consultants:

Professional Report and photographs of two Lime trees showing damage to boundary brick wall which is now cracked and leaning over the pavement (Pilgrim's lane) as a consequence of the increasing pressure exerted by both trees. This will get more extreme as the trees grow.

I have asked Camden Council if an LPA officer could visit, but was informed that this would not be possible, and I should just submit an application.

5. Identification of Tree(s) and Description of Works

Please identify the tree(s) and provide a full and clear specification of the works you want to carry out.

You might find it useful to contact an arborist (tree surgeon) for help with defining appropriate work.

5. Identification of Tree(s) and Description of Works

Where trees are protected by a Tree Preservation Order, please number them as shown in the First Schedule to the Tree Preservation Order where this is available. You should use the same numbering on your sketch plan (see help for sketch plan requirements).

Please provide the following information:

- Tree species
- The number used on the sketch plan); and
- A description of the proposed works.

Where trees are protected by a Tree Preservation Order you must also provide:

- Reasons for the work; and where trees are being felled
- Proposals for planting replacement trees (including quantity, species, position and size) or reasons for not wanting to replant.

e.g. Oak (T3) - fell because of excessive shading and low amenity value. Replant with one standard ash in same position.

Lime Trees causing damage to boundary wall are designated T1 and T2 in our Arboricultural Report - SJ Stephens Associates.

These 2 trees are growing against the boundary wall leading to extensive cracking and leaning over pavement (Pilgrim's Lane), as a consequence of the increasing pressure exerted by both trees. This will get more extreme as the trees grow.

Remedy would be to remove both trees, together with any necessary structural work to the wall; as there is no evidence of subsidence, it would be most unlikely to result in any risk of heave to the property.

We fully appreciate the importance and amenity value of trees, but there are already several mature trees growing in a very small area of garden of this property. Removal of T1 and T2, will still leave T3 (Yew tree, providing evergreen screening to garden); T4 (Lawson cypress) and T5 (mature Lime tree on corner of Pilgrim's Lane/Denning Rd). In addition, there is another mature Lime tree very close to T1 (adjacent property).

6. Tree Ownership

Is the applicant the owner of the tree(s)?

☒ Yes ☐ No

7. Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
- (b) an elected member
- (c) related to a member of staff
- (d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

☐ Yes ☒ No

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Do any of the above statements apply?

8. Trees - Declaration

I/we hereby apply for planning permission/consent as described in this form and the accompanying plans/drawings and additional information. I/we confirm that, to the best of my/our knowledge, any facts stated are true and accurate and any opinions given are the genuine opinions of the person(s) giving them. ☒

Date (cannot be pre-application)

21/01/2022
