2022/0086/T	B A Abraham for the Belsize Society	15/01/2022 16:06:20	COMMNT	For the Belsize Society: This tree forms part of a narrow green corridor at the back of Belsize Park and Belsize Lane. It is environmentally important as a wildlife habitat and in counteracting air pollution in the neighbourhood. The tree should only be felled as a last resort and it is not clear from the evidence supplied that felling is the only option.
