Objection to planning for Number 34 Meadowbank 2021/6074/P

I have lived in Meadowbank since 1971 and I wish to object to this planning. Meadowbank is a small development of houses. The lack of access to the site is my main objection. Only access is a footpath on a slope. This makes the excavation of a basement completely impractical. It will cause severe disruption to the whole development. There was one day in December when preparations were made for this proposal. It not only caused chaos and disruption but made the residents aware of the impossible and highly disturbing situation that would occur if permission was given.
