Dear Sir/Madam

## **DECISION**

Town and Country Planning Act 1990 (as amended)

### **Grant of Non-Material Amendments to planning permission**

Address:

**Belgrove House**  
**Belgrove Street**  
**London**  
**WC1H 8AA**

Proposal: Amendment (to increase the area demised to LUL at ground and basement to incorporate a retail kiosk and revised stair width) to planning permission ref: 2020/3881/P granted 01/11/2021 for the 'Redevelopment of Belgrove House as a part 5 part 10 storey building plus 2 basement levels for use as office and research and laboratory floorspace; with café, flexible retail and office floorspace at ground floor; an auditorium at basement; incorporating step free entrance to Kings Cross Underground station in place of two entrance boxes along Euston Road; together with terraces at fourth and fifth floor levels, servicing, cycle storage and facilities, refuse storage and other ancillary and associated works'.

Drawing Nos:

Superseded drawings: P099 Lower Ground Floor revP03, P100 Ground Floor revP03, P301 Short Section N 1 revP03

Amended drawings: P099 Lower Ground Floor revP04, P100 Ground Floor revP04, P301 Short Section N 1 revP04

The Council has considered your application and confirms that the proposals are acceptable as non-material amendments to the planning permission set out above.

For the purposes of this decision, condition no.2 of planning permission 2020/3881/P shall be replaced with the following condition:

Reason: For the avoidance of doubt and in the interest of proper planning.

Informative(s):

1 Reason for granting approval

Permission is sought to make a minor amendment to the layout at ground and basement level of the approved building. The proposed change has come about following further detailed discussions with London Underground (LUL) in respect of the stair and lift configuration and the operational requirements of the station entrance. A fire strategy review has shown that the staircase can be reduced from 4650mm to 4080mm. As a result, this would allow for a small retail kiosk of 25sqm to be included at basement level. The area was originally approved to be provided as retail, but would now be demised to LUL rather than part of the basement level retail space associated with the ground floor unit. There would be no external alterations as a result of the works, and the use of the space in question would remain within the same use class as approved.

The proposed amendments are considered to be non-material as they do not change the nature or description of development; do not change the application site area or increase the size of the building; do not result in changes to external details that would materially compromise the overall design of the building or materially impact on the character and appearance of the adjacent Conservation Area; do not materially change windows or doors in any elevation facing any neighbour; and do not materially impact on any neighbours or other statutory and non-statutory bodies.

Given the nature of the application as a non-material amendment to a previously approved scheme, no neighbour consultations were undertaken, and no responses were received prior to determination.

The site's planning history was taken into account when coming to this decision. The full impact of the proposed development has already been assessed by virtue of the approved scheme granted on 01/11/2021 under reference 2020/3881/P.

- 2 You are advised that this decision relates only to the changes highlighted on the plans and set out in the description and shall only be read in the context of the substantive permission granted on 01/11/2021 under reference number 2020/3881/P and is bound by all the conditions and obligations attached to that permission.

In dealing with the application, the Council has sought to work with the applicant in a positive and proactive way in accordance with paragraph 38 of the National Planning Policy Framework 2019.

Yours faithfully
