[EXTERNAL EMAIL] Beware – This email originated outside Camden Council and may be malicious Please take extra care with any links, attachments, requests to take action or for you to verify your password etc. Please note there have been reports of emails purporting to be about Covid 19 being used as cover for scams so extra vigilance is required.

Hi Alan, for this application comments are not enabled online. In regard to the crypt conversion there is a care taken to make all changes reversible except for new drainage. However, while there is a description of the new space it lacks any visual mock-ups. Could this please be provided as the description of wooden slats and vinyl flooring appear rather poor material for a Grade 2 building.

Many thanks
Billy
