Subject: Protect Green granite. - Additional comment 2021/5699 208 West End Lane

[EXTERNAL EMAIL] Beware – This email originated outside Camden Council and may be malicious Please take extra care with any links, attachments, requests to take action or for you to verify your password etc. Please note there have been reports of emails purporting to be about Covid 19 being used as cover for scams so extra vigilance is required.

Dear Obote,

Hope you are very well.

PROTECT THE GREEN GRANITE

I realised the I missed a comment on my previous emails about the fact we must protect beautiful GREEN GRANITE on the location site. Please add this as an additional redeacted email to the objections.

The proposed designs for Chipotle want cover/rip out the beautiful expensive designed massive blocks of green sage granite out or cover them in black.

- This granite is very special as a natural stone which has already been sourced from the earth and is a really special design feature which goes from the outside to the interior of the space.

- This stone blends perfectly into the nature around it and elevates the high st on its corner location. This corner needs to remain a beautiful statement of the area by the library and incredible tree lined Fawley Road.

- We don't need Chipotle to rip it out and out in their isor instead.

- Environmentally it is also outrageously disgusting to rip it out or cover it with another black granite just for it to suit their appearance.

- Also, the waster of energy, manpower, noise and disruption for nothing to sapw it over.

- This feature and the open glass of the site is what makes it special and unique to West Hampstead. Residents strive to keep it.

- Also, this granite (may even be marble) possibly it would potentially be then sold on in pieces for profit by Chipotle.

- I urge the council to please PROTECT this very special feature on this site and not touch it and whoever does lease the space must have integrity and to design a simple modern space around it. Chipotle do not because they dont care how it affects the us residents.

Any Fishmongers which would be welcomed or other business would never touch it.

Thank you for receiving and posting this,

Dear Obote,
Hope you are safe and well.

I wanted to add objections today to support all the many other objections online against the application by continuously ruling illegal Chipotle.

I am a resident of the area but for the following reason of fear against the company for the links I am providing you, I don't want my name on online. I am happy to give you my name and address verbally over a call. But I have been a homeowner for over 15 years on West End Lane.

Chipotle has not only had many lawsuits against them over even the last couple of years, but in fact last year was sued by the New York State government for a record figures of \$150,000,000 and presently paid a fine already \$25,000,000 for continuous long list of violations including child labour violations, e coli food poisoning outbreaks and 1000's labour law violations.

The following public record speaks for themselves and hope is helpful in addition to the other comments that this would not be a serious devaluation and exploitation of our area for their dark kitchen cover up.

<https://www.bernsteincrisismanagement.com/chipotle-social-media-code-of-conduct-ruled-illegal/>

They are not allowed a social media conduct in the US since their illegalities but continuously brazenly advertise the suggestion of the use of illegal drugs on their advertising to draw in vulnerable youth after illegally trading. look at the comment on it :
