Description of Proposed Works

Please describe the proposed works

The application is for the creation of a new and bin store and bike store to the front garden area.

The property has foliage to the front garden wall consistent with many properties in the terrace and we feel is an important feature of the streetscape, which we consider helpful to conceal the visibility of the proposal from Gloucester Ave.

A new bin and bike store has been designed and constructed to provide a neat solution to existing storage and security needs and is consistent with bike and bin stores that have been approved at other properties along the terrace.
