

**Subject:** Application 2021/3225/P Murphy's Yard

Dear sirs

Please accept this as a formal objection to the above mentioned Planning Application. My strong objections are summarised well in the communication to the council from The Heath & Hampstead Society. Of particular concern to me is the high rise nature of the proposed new buildings and the over development of the site. This will put a terrible strain on the Heath facilities and irreversible damage to the views and open space sensation of our wonderful Heath.

Regards

**John P Lobek**

**Camden Resident**
