

Subject: No. 29 Great James Street – Planning Application No. 2021/5551/P

Importance: High

For the Urgent attention of Jaspreet Chana.

To: Camden Council

From: Karolina and Gian Fazio, 12 Great James Street, WC1N 3DP

We strongly object to the proposals set out in the above Planning Application [for the reasons set out in the “Neighbours’ Objections” submitted to the Council on 8th February 2022 by a group of neighbours adjacent to No. 29].

We believe the proposed extension will greatly compromise the Georgian character of the street and that the heritage report is very much biased. Having done works to the house almost 9 years ago, we had to deal with very stringent requirements from the council and we believe these rules are now being overly relaxed.

Yours sincerely,

Karolina and Gian Fazio
