Dear Planners and Tree Officers,

2021/5947/P. Flat 1, 23, Dartmouth Park Hill

I have read the Marcus Foster Arboricultural Report and agree with their conclusions. The three trees referred to, T1, an Olive and T2 and T3, Flagpole Cherries, are small, ornamental, Category 3, are all grown in containers and have limited amenity value. Root protection areas (RPAs) will not apply for the building works. As the Report states, they recommend replacing them with similar species of small ornamental trees, preferably of good quality.

Thank you,

Eileen Willmott
