**Subject:** Ancient trees ref 2022/0419T

To whom it may concern,

I am writing to object to the possible destruction of 2 trees situated in Doughty Street /Doughty Mews, reference 2022/0419T

These are 2 large trees of more than 100 years old that should be preserved to enhance the neighbourhood, provide habitat for birds and wildlife and contribute to the well being of the whole city by helping to clear the air of pollution.

I am told that there other ways of resolving problems the trees have created to the building in Doughty Mews which they are close to and the development of which is the reason for the cutting down of the trees. Please don't let this happen, the trees are irreplaceable.
