Condition Discharge

Dear Patrick

Building S5, King's Cross, 2nd Condition Discharge

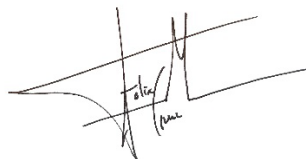

Hope this letter finds you well.

As previously discussed, you can find here the submission for discharge of condition 2.a , external materials and finishes for building S5. Materials we are seeking approval for are as per the enclosed Material Report, and as per the samples shown on the 23rd of July, 2021.

In addition, there is a newly secured sample, the perforated metal screen in champagne metal. Images of this additional sample are included at the Material Report.

All samples in the Material Report are now stored in a dedicated Sample Room at S5 Site Office. Shall any visit to the Sample Room be required, do not hesitate to contact us and we will arrange it at the earliest convenience.

Yours sincerely

Felix Cruz Marcos
On behalf of Alison Brooks Architects Limited
