**Subject:** Ojection to felling trees at 8 Doughty St WC1: Objection2022/0419/T

Dear Camden planning,

I am writing to object to the application to fell 2 big old trees at 8 Doughty St WC1.

My friend is the neighbour and I share his view that the trees are beautiful and contribute masively to the local ecosystem.

I understand the owners (Egypt Exploration) claim that the trees are damaging their property. But if this were true then Camden Council would not have rejected the 2 previous planning applications to cut them down.

Yours sincerely,

Paul Murphy
