Subject: 2022/0419T trees behind Doughty Mews

Dear planners

I strongly support the trees being felled.

No one should suffer £50,000-100,000 worth of damage to their property. The trees should never have been allowed to grow so close to the Doughty Mews properties. I have been inside the properties and the damage is terrible and will take a huge amount of work to correct.

I live at 16 Doughty Mews.

It is a shame that the trees have to be felled of course. I respect people who want to preserve trees but not at the cost of damage to people's properties.

Many thanks

Mark Harper
