**Subject:** Objection 2022/0419/T - 8 Doughty Street

Good morning

I live on Great Ormond Street and am a local resident to this site. I object to the trees being removed. I understand an independent review of the trees has been done that says, contrary to the applicant's claim, that the damage is not serious and does need to be done urgently. As a parent of children who attended St George's Primary - a couple of hundred metres from the trees - I support alternative ways to maintain trees like this as they are key to environmental and ecosystem benefits to children and families around here. We are lucky to have some green space and trees and I uphold all efforts to keep trees like these.

Sara Payne (8 Great Ormond Street, WC1N 3RB)
