Dear Camden Council Planning

I would like to express my objection to above-named planning application. The trees at 8 Doughty Street are a valuable part of this neighbourhood and make Bloomsbury is an attractive area to live and work in.

As a resident of 6 Great Ormond Street I love meandering down Doughty St and marvelling at the beautiful greenery, I care about air quality and green spaces which is why I live here.

I am also a business owner of a rates-paying business on 84b Lambs Conduit Street (Redemption Roasters) and in the name of my 9 colleagues working in this neighbourhood I'd like to stress that we object the cutting down of these trees. I understand local neighbours are also objecting the application and have hired an expert consultant to design ways to keep the trees. I very much hope together with the consultant a solution can be found which does not cut down the trees.

Please do not hesitate to contact me if you have any more questions.

Best wishes
Max Dubiel
