Dear Sirs,

I have studied the planning application for the above site and wish to object as follows:

The proposed tall-rise towers are far too tall and will massively impact on the environment and views from the heath. I am not opposed to new housing, but this must be sensible.

The number of new homes would be, based on the existing planning application, far too many and should be reduced to a more acceptable level; this would also ensure that there would be more open space on the development for the benefit of residents.

John P. Graham, MBII  
Flat 3  
Monro House  
116 Fitzjohn's Avenue  
London NW3 6NU
