2021/3225/P	Ingrid Weiss	27/02/2022 08:14:24	OBJ	This proposed development would be hugely detrimental to residents of Kentish Town and users of the Heath and to KT City Farm in terms of loss of light and view. It is also over developed but without enough provision for low cost housing or amenities.
2021/3225/P	Ingrid Weiss	27/02/2022 08:14:28	OBJ	This proposed development would be hugely detrimental to residents of Kentish Town and users of the Heath and to KT City Farm in terms of loss of light and view. It is also over developed but without enough provision for low cost housing or amenities.
2021/3225/P	Angela Woods	25/02/2022 14:42:40	OBJ	<p>Having reviewed the Consultation material from the developer, Camdens planning guidelines and the current Kentish Town Neighbourhood Plan kentish Town City farm wishes to object to the outline planning proposal as follows;</p> <ol style="list-style-type: none"> <li>1) The scale, height and overall bulk of the two towers sited adjacent to the riding arena at the farm are out of scale with the surroundings and will be detrimental to the immediate surroundings. They contravene Policy D3 design Principles of the Kentish Town Neighbourhood plan which clearly states developments must be well integrated into their surroundings and reinforce and enhance the local character.</li> <li>2) The towers have been sited as close to the railway and therefore the Farm so that they are outside the protected viewing cone of Parliament hill and a view of trees from the designated point outside the Kentish Town Station, However one tower does encroach, the other may just fall outside the viewing cone. This view is defined in Policy D1 of the KTNF plan and also Policy SP2a (1) .</li> <li>3) The location of the towers directly overlooks the riding arena, which is often used for programs run for vulnerable young adults and children as well as disabled participants. This poses a real problem for the farm to provide adequate safeguarding to those that are taking part in these programs who may well be affected by the fact of being overlooked.</li> </ol> <p>Angela Woods on Behalf of the Board of Trustees and Users of the Farm</p>
2021/3225/P	Jenepher Bridge	28/02/2022 11:33:38	OBJ	<p>Dear Camden Planning Officers,</p> <p>I am writing to strongly object to the above application. I object in particular to the threat of the cherished open view from Kentish Town to the trees and greenery of Hampstead Heath being obscured by three overpowering 19-storey tower blocks. This would be deleterious to local residents; mental health - removing a source of joy and solace.</p> <p>In 2016 Kentish Town residents voted on and ratified the Kentish Town Neighbourhood plan and this was adopted by Camden Council. Design policy D1 is supposed to protect the view now under threat.</p> <p>In view of the huge opposition to the plans, the developer/architects should please get back to the drawing board and come up with an exciting low-rise design that we can all be proud of.</p> <p>Yours sincerely,</p> <p>Jenepher Bridge</p>
