2021/6234/P	Mrs Vicas	01/03/2022 16:11:58	OBJ	<p>Our house is situated immediately behind the applicant. The gardens between Glenloch Road and Glenmore Road are very small. Although not an overbearing extension, it does result in moving the glazed rear of the property considerably closer, in a very small garden, to our rear boundary. We have an equally small garden. Due to the large difference in the finished floor level (FFL) of the property versus the existing floor level of both our gardens, the proposed extension and elevated patio sit considerably above our garden. Therefore, by moving the rear of the house and patio closer towards our boundary, at such an elevated height, we will be overlooked and this results in a loss of privacy in our home. Although we do not wish to complicate matters for our neighbour, we do not feel comfortable with this proposal. I am happy should the architect wish to contact me to discuss.</p>
