2022/0789/T	Robert Dowsett	01/03/2022 16:34:49	OBJ	<p>I object to the felling (but not pruning) of this tree. This species of tree is one of the most delightful to the eye and extremely well admired by most others (I have one in my back garden). It also is also not out of character within Downshire Hill where there are other impressive trees in front gardens.</p> <p>I looked at it today it seemed to be suffering no ill health although I admit the health of trees is difficult to ascertain before Spring.</p>
