2022/0528/P	Josephine Gordon	04/03/2022 06:54:51	OBJ	<p>Hello</p> <p>I am a local resident (nw6 3hb)</p> <p>I feel concerned that there are insufficient services to cater for the amount of houses in this scheme. T there are not enough state primary schools, doctor surgery etc.</p> <p>We feel bereft by the future loss of communal space... The well loved Waterstones with their welcoming staff, local restaurants and our frequently attended Vue cinema. The prospect of closure has already meant so many of its lots are abandoned. There is no indoor space locally for our kids to hang out in safely. The Loss of the o2 centre is a real blow to the local Finchley road as this site is its only cinema hub. Without it is a collection of houses along a heavily polluted commuter road. Please consider the existing community and its fragile glue on this decision to build yet more houses, so close to all those new developments in West Hampstead. Can we really sustain all those people withut sufficient services and a communal third space?</p>
2022/0528/P	Kirsty Howland	03/03/2022 20:33:05	PETITNOBJ E	<p>Having lived in and around West hampstead for nearly 20 years, this sort of development is going to be the downfall of the communities that exist. Some areas already feel too crowded and this will overload the local amenities. Where will the children go to school, doctor surgeries and dentists are hard to get in to. Not to mention the building upwards and change in the areas where there is a sense of space. The o2 as it stands is not beautiful by any stretch of the imagination but there is a sense of space. Can there not be a redesign that keeps the shops, cinema, community spaces but also create the extra housing if that's is what is driving this change?</p>
2022/0528/P	harvey bogard	03/03/2022 17:27:54	COMMT	<p>I am most strongly opposed to this application. The proposed development is completely out of scale. There is no parking proposed, which will inevitable mean a huge number of cars on the road WITH NO PARKING FACILITIES!The present situation, with several cinemas, a large Sainburys supermarket, and a garden centre, serve the local inhabitants well.</p> <p>It beggars belief that Camden can ignore the wishes of its own inhabitants in this way</p>
