### Description of the Proposal

Please note in regard to:

- **Fire Statements** From 1 August 2021, planning applications for buildings of over 18 metres (or 7 stories) tall containing more than one dwelling will require a 'Fire Statement' for the application to be considered valid. There are some exemptions. <u>View government planning</u> guidance on fire statements or access the fire statement template and guidance.
- **Permission In Principle** If you are applying for Technical Details Consent on a site that has been granted Permission In Principle, please include the relevant details in the description below.
- **Public Service Infrastructure** From 1 August 2021, applications for certain public service infrastructure developments will be eligible for faster determination timeframes. See help for further details or <u>view government planning guidance on determination periods</u>.

#### Description

Please describe details of the proposed development or works including any change of use

Notting Hill Genesis are proposing to replace the existing single glazed timber windows with double glazed timber windows with new thermally efficient windows and door that comply with the current building regulations.

The proposed windows will match the existing fenestration, respect local character and use durable materials. The appearance of the new Timber windows on the front elevation will enhance the local character and restore symmetry with its neighbours. Careful consideration has been made to ensure the chosen Timber windows will not detract from the existing character of the property.

Has the work or change of use already started?  ○ Yes  ○ No
