following approved plans: Site Location Plan 525/A/1.0000 F, 1.2021 A, 1.0002 B. Built Heritage Statement (RPS Sept 2021). Design and Access Statement (RPS).

Informative(s):

- 1 Reasons for granting permission:

The subject property is a grade 2 listed house constructed in around 1876 and within the Hampstead Conservation Area.

The existing entrance portico is to be retained and the opening shall be filled with recessed brickwork. The new proposed arched opening is designed to be subordinate in appearance and sits suitably along the side boundary wall. Behind the new gate a tiled roof covering is proposed which is acceptable in principle, however further detail of this element is secured by condition.

The principle of enlarging the rear doorway is acceptable with a small canopy over the new door, however further detail of this element is secured by

condition.

The proposal will not cause any adverse impacts on the amenity of adjoining residential occupiers.

Overall the proposed alterations are considered acceptable in terms of scale, design and siting, and are considered to preserve the character and setting of the host property, the street scene and surrounding conservation area.

Council Conservation Officers were consulted on the scheme and raised no objection.

One response was received from the local Conservation Area Advisory Committee, however they confirmed they did not object. No other responses were received. The relevant planning history of the site was taken into account when coming to this decision.

Special regard has been attached to the desirability of preserving the building or its setting or any features of special architectural or historic interest which it possesses, under s.66 of the Listed Buildings and Conservation Areas Act 1990 as amended by the Enterprise and Regulatory Reform Act (ERR) 2013.

Special attention has been paid to the desirability of preserving or enhancing the character or appearance of the Conservation Area, under s.72 of the Planning (Listed Buildings and Conservation Areas) Act 1990 as amended by the Enterprise and Regulatory Reform Act 2013.

As such the proposed development is in general accordance with policies A1, D1 and D2 of the London Borough of Camden Local Plan 2017 and policy DH1 of the Hampstead Neighbourhood Plan. The proposed development also accords with the London Plan 2021 and the National Planning Policy Framework 2021.
