2022/0297/P	Sue Wyatt	14/03/2022 13:54:26	OBJ	I am objecting to this planning application because a large space within a garden will be built - with a view in the longer term I suspect to developing a more permanent dwelling. I object because it is against the character of the Redington Road neighbourhood and damaging to wildlife within this undeveloped garden. It is in a conservation area and it is not appropriate for the area.
