Informative(s):

- 1 Reasons for granting permission/consent-

The proposal is for the display of 1x internally illuminated sign behind shopfront glazing and 1x non-illuminated projecting sign. The proposed signage is considered to be acceptable in terms of its size, design, colour, materials, position, methods of fixing and illumination, and luminance level. The signage would not be harmful to either pedestrians or vehicular safety in accordance with the Camden Planning Guidance, nor would it have any adverse impact on neighbouring amenity. Furthermore, the proposed signage would not obscure any significant architectural features or otherwise visually harm the appearance of the listed building, nor detract from the character and appearance of the wider Bloomsbury Conservation Area. As such, the proposal is considered to be acceptable.

The site's planning and appeals history has been taken into account when coming to this decision. No objections have been received.

Special regard has been attached to the desirability of preserving the listed building or its setting or any features of special architectural or historic interest which it possesses under s.66 and s.72 of the Planning (Listed Buildings and Conservation Areas) Act 1990 as amended by the Enterprise and Regulatory Reform Act (ERR) 2013.

As such, the proposed development is in general accordance with policies A1, D1, D2 and D4 of the Camden Local Plan 2017, the London Plan 2016, and the National Planning Policy Framework 2019.

In dealing with the application, the Council has sought to work with the applicant in a positive and proactive way in accordance with paragraph 38 of the National Planning Policy Framework 2021.
