| 2021/5946P | Anne-Fredérique Dujon | 15/03/2022 10:56:35 | OBJ | <p>I strongly object for a 5G mast to be erected on top of Haddo House.</p> <p>I object on the following grounds: It will disfigure the conservation area, as well as the building and the protected views from all angles. I also have concerns about the risk to the residents and community alike with regards to adverse effects on health, which corporate interests seem to downplay.</p> <p>I have already objected to this exact planning application, albeit it has been tweaked and I cannot believe that you are asking again when the residents and neighbours have already voiced strongly their objections. This was already objected and settled.</p> <p>Your reoccurrence is an act of bullying and creates worries and fear amongst the neighbourhood, which is totally unacceptable.</p> |
