2021/6049/P	Alison and Nigel Jamieson	16/03/2022 16:45:40	OBJ	<p>As neighbours to the immediate rear of the property for which the planning permission is requested we have the following comments:</p> <ol style="list-style-type: none"><li>1. We wish to be satisfied that no elevation to the rear will impede sunlight entering our garden, nor that any elevation be such that the privacy and quiet enjoyment of our back garden are disturbed.</li><li>2. We wish to be satisfied that the work to be carried out to the rear of the property will in no way impede access to the back garden gate and garage of 55 Upper Park Road. We frequently park our car in this area of the mews and require daily access.</li></ol>
