Subject: Deliveroo "Dark Kitchen" Finchley Rpad

[REDACTED]

I would like to support the Residents and Community groups in the Swiss Cottage and South Hampstead area in their objection to the continuance of the Deliveroo "Dark Kitchen" site there. My own strong objection is on the grounds of road and pedestrian safety. The Deliveroo riders whether on motor bikes or cycles are grossly arrogant and inconsiderate in the way they drive or cycle. They ALL ignore red traffic lights and cyclists invariably ride on pavements, cutting across traffic, often in the wrong direction, cutting corners and ignoring any traffic or pedestrian safety. In addition the cyclists use bikes without any lights, a frightening danger to themselves, pedestrians and motorists who cannot see them clearly after dark.

After I complained to the Deliveroo management I was told that all their riders are "road safety trained and conscious" which is ludicrous - it is patently evident they are not and their arrogant, inconsiderate and dangerous way of riding is totally unacceptable. Please refuse Deliveroo their request to extend their Swiss Cottage premises licence.
