Reason: In order to comply with the provisions of Section 91 of the Town and Country Planning Act 1990 (as amended).

- 2 The development hereby permitted shall be carried out in accordance with the following approved plans- 1161-02; 1161-01; 1161-07; 1161-03 A; 1161-13 A; 1161-17 A; Design and Access Statement

Reason: To safeguard the appearance of the premises and the character of the immediate area in accordance with the requirements of policies D1 and D2 of the London Borough of Camden Local Plan 2017.

Informative(s):

- 1 Reasons for granting permission.

This application proposes the demolition of the existing front boundary wall and gate piers and reinstatement of the original design of boundary wall with piers.

The existing front boundary wall is a modern reconstruction of multi-stock bricks, with a simple brick-on-edge coping and no architectural detail on the wall or gate posts. The proposed replacement wall would be located on the same footprint, and would be constructed to the same height of 1.5m. A condition has been added for a sample of the proposed brick wall showing the Flemish bond and pointing to be submitted and approved to the Council. Whilst the piers would be taller than existing and others on the street (2m), this is not harmful as they will be a reinstatement of the original ones and will potentially set as a good example for other properties in the street. The proposed works will thus enhance the character and appearance of the host building, streetscene and conservation area.

Special attention has been paid to the desirability of preserving or enhancing the character or appearance of the conservation area, under s.72 of the Planning (Listed Buildings and Conservation Areas) Act 1990 as amended by the Enterprise and Regulatory Reform Act 2013.

The proposal would not cause any adverse impacts on the amenity of adjoining residential occupiers in terms of loss of light, outlook or privacy.

No objections were received prior making this decision. The planning history of the site has been taken into account when coming to this decision.

As such, the proposed development is in general accordance with policies A1,

D1 and D2 of the Camden Local Plan 2017. The development would also accord with the National Planning Policy Framework 2021 and the London Plan 2021.

No 020 7974 4444). Licences and authorisations need to be sought in advance of proposed works. Where development is subject to a Construction Management Plan (through a requirement in a S106 agreement), no licence or authorisation will be granted until the Construction Management Plan is approved by the Council.
- 4 All works should be conducted in accordance with the Camden Minimum Requirements - a copy is available on the Council's website (search for 'Camden Minimum Requirements' at www.camden.gov.uk) or contact the Council's Noise and Licensing Enforcement Team, 5 Pancras Square c/o Town Hall, Judd Street London WC1H 9JE (Tel. No. 020 7974 4444)
