About Camden

'Camden is building somewhere everyone can thrive, by making our borough the best place to live, work, study and visit. Because, we're not just home to UK's fast-growing economy. We're home to the most important conversations happening today. And we're making radical social change a reality, so that nobody gets left behind. Here's where you can help decide a better future for us all.

Camden's vision for all those with special educational needs and disabilities is that they achieve well in their early years, at school, in adolescence and go on to lead happy and fulfilled lives in adulthood. To achieve our ambitions for children and young people with SEND, we will continue to focus on taking actions to reduce inequalities and closing the gap between those who already do well and those who may need extra support to thrive. Where possible we believe that every Camden child and young person should be able to access the support they need in the community near where they live. Camden is committed to early intervention and prevention, providing early help in a timely way so that the needs of local children and young people are met at the right time with the right support. Making sure that we identify needs early and provide the right support, is key to improving outcomes for children and young people with SEND.
