Part Discharge of Conditions

Are you seeking to discharge only part of a condition?

- ☒ Yes
☐ No

If Yes, please indicate which part of the condition your application relates to

Condition 21. Prior to commencement of development, details of a sustainable urban drainage system shall be submitted to and approved in writing by the local planning authority in consultation with Thames Water. Such system shall be based on a 1:100 year event with 30% provision for climate change and shall demonstrate that green-field run-off rates (5l/s) shall be achieved (unless otherwise agreed). The system shall include green and brown roofs and below ground attenuation, as stated in the approved drawings and associated documents. This should be enhanced to specify the point(s) of connection and peak discharge rates into the public sewer system for surface water and demonstrate how the surface water disposal hierarchy has been implemented for the site and why connection to the combined sewer is the preferred option.
