2022/0558/P	Mojgan Green	29/03/2022 10:49:41	OBJ	<p>Hcaac objects in principle to this application. This application is contrary to Neighbourhood Plan and its aspirations. The 2 no proposed large Roof lights on the front elevation are seen as unnecessary additions that may create light pollution and the existing higher window cills add to the character cottage feel of this property and lowering its cills will be detrimental to this character and unacceptable.</p> <p>The New rear Dormer is considered an awkward design in its currently proposed format; larger cheeks than the window openings and should be redesigned to form a proportional Dormer within this roofscape.</p>
