2022/0635/P	Mojgan Green	29/03/2022 11:41:26	COMMNT	<p>Hcaac objects to this application.</p> <p>Although many historical alterations have taken place on different aspects/ elevations on this property; it has remained well established in its current setting.</p> <p>The current existing covered passageway is a charming feature that sits well within the east Elevational treatment and its landscape.</p> <p>The proposed demolition/ removal of this section is unacceptable.</p> <p>The proposed is an unwarranted extension; this plain block detracts from the current picturesque value of this existing colonnade and passageway. The proposed hardlandsaped area in conjunction with this application will also damage the existing soft landscaping and would further erode green aspect of this garden. Please refuse this application in its entirety if the adopted Neighbourhood plan and its aspirations are to be enforced.</p>
