2022/0719/T	Elizabeth West	29/03/2022 11:54:09	OBJ	<p>This tree is subject to a tree protection order for the amenity of all neighbouring residents. It should provide screening from trains and the electrical installations and afford privacy to the houses. This tree has been over pruned in the past; it is in a conservation area and as well as the amenity provided to residents, it offers necessary and valuable wildlife habitat. Constant reduction of this tree is detrimental to the tree itself, to residents, amenity and to wildlife. Camden Council has repeatedly ignored the requests of local residents to uphold tree conservation in this garden which as a result is becoming less green and leafy. There is currently a national campaign to grow more trees to reduce carbon in the atmosphere; I urge you to protect our environment and refuse this application.</p>
