2022/0626/P	James Sims	30/03/2022 21:12:23	OBJ	I object to this application due to the high level of community value that the laundrette offers. I have missed it greatly while it has been closed. I used to use it before it closed and would use it again if it were open now. If it reopens I will use it. I really think that laundrettes offer a vital service to the community and it is very important to preserve them. If this permanently closes it will be a real shame as I have relied on it for a long time and am waiting for it to reopen.
