The Council has considered your application and decided to grant permission subject to the following condition(s):

Condition(s) and Reason(s):

- 1 The development hereby permitted must be begun not later than the end of three years from the date of this permission.

Reason: In order to comply with the provisions of Section 91 of the Town and Country Planning Act 1990 (as amended).

- 2 The development hereby permitted shall be carried out in accordance with the

following approved plans:

(Prefix A2731-) 0001 Rev 03, 0100 Rev 03, 0499 Rev 03, 0500 Rev 03, 0501 Rev 03, 0502 Rev 03, 0503 Rev 03, 0700 Rev 03, 0800 Rev 04, 0801 Rev 00, 0802 Rev 03, 1000 Rev 03, 1500 Rev 03, 1501 Rev 04, 1502 Rev 03, 1503 Rev 03, 1700 Rev 03, 1800 Rev 04, 1802 Rev 03

Reason: For the avoidance of doubt and in the interest of proper planning.

- 3 All new external work shall be carried out in materials that resemble, as closely as possible, in colour and texture those of the existing building, unless otherwise specified in the approved application.

Reason: To safeguard the appearance of the premises and the character of the immediate area in accordance with the requirements of policies D1 and D2 of the London Borough of Camden Local Plan 2017 and policy D3 of the Kentish Town Neighbourhood Plan 2016.

- 4 Other than the areas explicitly identified on the approved drawings as a roof terrace, no part of any other roof of the building shall be used as a roof terrace or other form of open amenity space. The balustrade hereby approved shall be installed prior to the use of the terrace and shall be retained and maintained thereafter.

Reason: In order to protect the existing residential amenities of the occupiers of neighbouring properties in accordance with the requirements of policy A1 of the London Borough of Camden Local Plan 2017.

Informative(s):

- 1 Reasons for granting permission:

This scheme is effectively the same as a previously approved scheme granted planning permission ref 2021/0391/P on 26.7.21; the key difference is that an internal courtyard is now infilled and the rear of the ground floor extension element is accordingly set back on this side to create a more articulated profile.

The proposed single storey rear extension is considered to be acceptable in terms of design. The rear extensions and terrace would be subordinate to the host building in mass and would be made of appropriate materials. Both the ground and first floors would form a common alignment with the adjoining property at No. 26. The design, scale, siting and materials of the extensions and terrace would be in keeping with the character and appearance of the host property and wider conservation area, and as such the character and appearance of conservation area would remain preserved.

It is not considered there would be any significant detrimental impact to residential amenity. The single storey rear extension would not extend beyond neighbouring windows to an extent which would result in a significant loss of light or outlook. No new views would be afforded into any neighbouring habitable windows. A shared degree of overlooking from rear terraces facing the gardens has been established in the terrace grouping. The proposed

terrace is not considered to cause undue harm beyond what has been established.

No objections were received following statutory consultation. The site's planning history and relevant appeal decisions were taken into account when coming to this decision.

Special regard has been attached to the desirability of preserving or enhancing the conservation area, under s.72 of the Planning (Listed Buildings and Conservation Areas) Act 1990 as amended by the Enterprise and Regulatory Reform Act 2013.

As such, the proposal is in general accordance with policies D1, D2 and A1 of the Camden Local Plan 2017 and policy D3 of the Kentish Town Neighbourhood Plan 2016. The proposed development also accords with the policies of the London Plan 2021 and National Planning Policy Framework.
