2022/1096/T	Jan Brooker	03/04/2022 12:30:03	COMMNT	<p>Comment on behalf of Highgate Conservation Area Advisory Committee</p> <p>This is a significant tree at the front of the property and providing visual amenity to the street scene. It is clear that it has suffered storm damage at the top. However, given its importance, consideration should be given to saving it. It would be very much preferable to reduce and reshape it, if at all possible. If it cannot be saved, it should be replaced.</p>
