Dear Nathaniel

Re: 2021/3704/P Minverva House and Telephone Exchange 1-4, 5 North Crescent London WC1E7PH

I am a resident of Chenies Chambers with my flat facing directly onto this site and I am writing to register my objection to the application. The plan as submitted is too large for this site and will result in a building close to our windows that is oppressive, blocking light and with likely noise nuisance arising from plant. We have a single aspect flat and have enjoyed a peaceful environment and outlook for more than 20 years and there is no doubt that this will affect our living conditions in a very negative way.

I can see on the portal that the applicant has submitted further documents where they state that this is in consultation with residents however, Chenies Chambers have not been consulted and the documents clearly reflect the views of our neighbouring building Huntley Street but do not consider Chenies Chambers residences. Our residents here have not received any information from the applicant about an ongoing consultation.

Many thanks

Regards

Sheila Clifford
