Details of the pre-application advice received
The Committee welcomed the reinstatement of the street frontage to nos 9, 10 & 11, concluding it would be compatible with the character of the larger group of Listed Buildings on the south-west side of the Square and consistent with historic arrangements as indicated in the existing boundary walls.
In the context of the significant enhancement of the conservation area proposed, and on the understanding that consent for the removal of the tree would be conditional on the completion of the proposed front boundary walls, piers and gates to nos 9, 10, and 11 Chalcot Square, on the planting in the front garden of an agreed variety of deciduous tree, extra heavy stand size, and on the provision of an agreed variety of deciduous street in the footway on a location to be agreed, the Advisory Committee would not object to the loss of the hornbeam.
