My partner and I were in the flat above the launderette when it went on fire. I cannot describe how scary this was and within a matter of minutes our lives turned upside down. We were not a able to live in the flat for 7 months. Not only there is a significant fire risk with the launderette but there has also been security incidents (https://www.hamhigh.co.uk/news/belsize-laundrette-sees-bloody-brawl-3614084). The risk to life is too high to bring the launderette back and we would welcome a successful application to change its use.</p>
