2022/0528/P	Ad;e	13/04/2022 01:14:01	COMMNT	I am totally against this application. The area is extremely congested and cannot afford another big development without dire consequences for the neighborhood.
2022/0528/P	ANDREW LAWDEN	12/04/2022 18:58:51	OBJ	<p>the area needs a large supermarket , the gym with a pool ,especially post pandemic , and its cinema , as well as affordable decent eating places ,. it is not the area for over sized tower blocks or anything similar ,</p> <p>the car park is needed for residents doing the big family shop , and for the disabled / elderly people in the neighbourhood .</p> <p>As the development to build tower blocs on the old ham and high site at swiss cottage has proven , there is no need for this kind of development here, or " pedestrian , garden walkway " to west hampstead . Given 95 % of the local people oppose the development , Landsec needs to respect and accept this , and find somewhere else to develop .</p> <p>Towerbloc estates can also encourage crime rates to rise , andin the post pandemic world , more hosuing , not flats are needed and affordable homes . Other unwated sites are already being hindered and threatened with action ,action that prevents them going ahead , and in this case action to prevent all the noise and pollution that would be cuased in trying to carry this out .</p> <p>(older residents will tell you all the problems they had when the O2 was built - add to this the massive traffic problems on the main road that wuld be caused , the council have no option but to veto this whole plan in the interest of the welfare of the community ,</p>
