Dear Miriam

I have just heard from my CAAC assessor who writes

I have now had a look at the revised drawings and am happy to concur with the planning officer's assessment: The bulk of the side extension has been drastically reduced, so all main causes for our objection

- inappropriate bulk and height of the extension,*
- visual closing of the gaps between the houses and obstructing the views into the rear gardens,*
- inappropriate size of new window openings in relation to the main windows in the front facade*
- and light pollution and overshadowing*

have successfully been dealt with.

On the basis of the above, as represented in the revised drawings, I confirm that we are happy to withdraw our objection to the proposed development.

Have a good Easter

With best wishes

David
