Trees to be lifted, Retained and Replanted by specialists

T46 and T47 are Quercus ilex, currently agreed to be removed under a separate planning application. Instead of removing these trees they will be carefully relocated by a specialist tree moving company under supervision of an arboriculturalist and replanted in the locations shown

List of herbaceous perennials. Quantities are indicated by the bed. Bed references noted on the plan. All of these plants to be supplied in P9 pots
