Description

Please describe details of the proposed development or works including any change of use

To construct a garden room at the back of a large garden (note: EPC provided is for Flat 17a, which is the basement/garden flat). Intended usage of the garden room is a TV/lounge/exercise area. A company called YourExtraSpace (which specialises in garden rooms) is designing and constructing the room. YourExtraSpace have 7 years of experience in constructing garden rooms, and have constructed over 2000 of them, within the requisite planning permission guidelines.

A shed previously stood on the site, on a concrete base. A previous leaseholder, Mr M Fitoussi, made a retrospective application for the erection of a garden shed at the rear ground floor elevation associated with existing residential flat (Class C3). That was granted on 20-06-2012 (application number 2012/2767/P), application attached. The officer delegated report for that application (attached) by Officer Fergus Freeman recommended for planning permission to be granted and stated "There are 2 mature Ash trees in close proximity to the shed, however, it has been confirmed by an independent arboriculture specialist that the shed and its concrete base are unlikely to cause harm to these trees."

Jack Stewart of Arboriculture and Forestry: Research and Consultancy conducted a tree survey on 22 February 2022 (report date 6 March 2022) in relation to this proposed garden room. His report is attached and concludes "the proposed development may well take place without any harm to the trees".

There are similar (in size, style, and location) garden rooms next door in 18 Crossfield Road and 15 Crossfield Road, and in the adjoining garden at the back of the garden at 2 Strathray Gardens.
