2022/0874/P	Nicola Dunn	27/04/2022 14:42:25	COMMNT	<p>This application should be rejected as the proposed second-floor extension extends beyond the existing second-floor conservatory at number 53 where they share a party wall. The proposed dimensions are stated as eave height of 2.58m and it will cover about 2/3 of the length (of the roof terrace) specifically on the drawings 4.383m. The second floor conservatory at number 53 is 3.2 metres in length and situated on a roof terrace which measures 7 metres in length. The proposed extension at number 55 both obscures the window on the flank wall of number 53 and extends beyond the end of the conservatory at number 53 and would therefore result in a loss of light and privacy as well as create a sense of enclosure.</p> <p>*Planning and Design Statement for 55 Shirlock Rd by My-architect April 2022.</p>
