2022/0875/P	Ryan	28/04/2022 22:55:10	OBJ	This planning application must be declined as the erection of a single storey side infill extension (as per the drawing) will have major impact at number 57 which will significantly obstruct windows and restrict light. Permitting the extension beyond prescribed measure also compromises the privacy of number 57 as the proposed extension will provide number 55 occupants a direct view of the living room through the slanted sun window which was built to remain unobscured and exposed.
