2022/1732/T	Nix	27/04/2022 13:59:26	OBJ	<p>Considering the environmental impact on all levels (including habitat loss and other factors), is the following really a valid reason to fell this tree?</p> <p>"The tree is small and asymmetrical and following works to implement approved planning works the client wishes to remove the tree."</p> <p>I did not see any mention of planting a replacement tree if this tree is felled.</p> <p>I think Camden Council should be less lenient in granting approval for tree felling for such reasons and require, not 'ask', applicants to ensure a replacement tree will be planted, unless this is not feasible.</p>
