2021/5369/P	sarah Bealby-Wright	04/05/2022 12:16:47	INT	We feel that the height of the side extension in the plans with it's large window facing the street is not in sympathy with the streetscape where generally these gaps between the houses retain the character of a side alley or bike/bin shed. A lower height (up to the top of the boundary wall) would retain the view of trees and the leave a gap that would not encroach on no 70s unique character as the detached house at the top of the street. The height in the plans does, in our view, impact these important points.
