Dear Patrick

**St Christopher's School 32 Belsize Lane**

You have recently requested a formal s73 application to accompany the application no 2021/1327/P, which you are considering, and which I attach.

As suggested by you it is the intention that the two applications will be determined together.

Accordingly, this current application does not include any transport information, which is all included in application 2021/1327/P

Yours sincerely

**Ian Trehearne**
